

**Objective** Seeking a position working with interface/graphic design, project management, and web development. I would enjoy the chance to use my interface design skills and understanding of the web application development process to work on a team with other developers, designers, and managers.

**Education** Purdue University, West Lafayette, IN

- **Bachelor of Science in Computer Graphics Technology**, 2005
- Minor in Computer Engineering, 2003

**Experience** (07/03 – Present) openBook Technologies, Lafayette, IN  
**Designer, Developer, Project Manager (Creative Director)**  
openBook is a small design firm which I have transformed from tabular, non-compliant site design to valid, accessible, CSS-based layouts. ( <http://www.openbooktech.com> )

- Working with clients to plan, design, develop, and test websites. In charge of development team for client projects and internal projects.
- Creating and redesigning print materials and branding / identities, including logos, trademarks, and advertising campaigns.
- Designed interface, assisted with development, and worked as project manager for Hydra CMS, a custom CMS built from the ground up.

(02/05 – Present) Artistorm  
**Owner, Designer, Developer, Project Manager**  
Artistorm is a small business I recently started with the goal of allowing independent artists to sell their work in an interactive online gallery. ( <http://www.artistorm.com> )

- Managing all aspects of the business, including finances and the printing of art.
- Designed the site and interface as well as all CSS, XHTML, and much of the administrative backend (PHP / MySQL / XML).
- Enlisted a team of developers and managed the development of the site's flash and javascript applications.

(1998 – Present) Starmen.Net  
**Owner, Designer, Project Manager**  
Starmen.Net is a video game website which started as a hobby and quickly turned into the massive website it is today, receiving 18,000+ hits daily. ( <http://www.starmen.net> )

- Cooperatively manage the site's projects and daily functions with other site staff.
- Planned and managed the redesign / restructuring of the entire site over two years, creating a powerful custom CMS in the process.

(01/03 – 01/05) Purdue Engineering Projects in Community Service (EPICS)  
**Designer, Webmaster, Interface Designer**

- Redesigned main EPICS website and team websites, designed interface for databases and DVDs. ( <http://epics.ecn.purdue.edu> , <http://tcha.ecn.purdue.edu> ).

(05/03 – 08/03) MMT Observatory (U of A / Smithsonian Inst.), Amado, AZ  
**Designer, Developer, Support and Maintenance**

- Creation and maintenance of new website design and structure. Worked with maintenance team on the base and telescope. ( <http://www.mmt.org> )

**Portfolio** <http://www.reidyoung.com>

**Skills and Abilities** A list of concepts, programs, and languages which I have mastered:

**Concepts:**  
+ Usability  
+ Accessibility  
+ Standards Compliance  
+ Platform Independence

**Programs:**  
+ Photoshop (CS2)  
+ Illustrator (CS2)  
+ Flash (MX 2004)  
+ Microsoft Office Suite

**Languages:**  
+ XHTML  
+ CSS  
+ PHP  
+ XML
